F. 1, Smith acting as inspecting officer, in the Iroseter of a large number of ladies and gentlemen. The company was out in full firee and pre-sented a splendid appearance. The arms and secontrements, without a single exception, were all found to be in good order and condition, refleting credit not only upon the commanding officers, but upon the individual members of the company, which is without doubt one of the test in the State. After the inspection the company went through the evolutions and manuel of arms, in an easy and graceful manner; and with a precision that showed thorough training, bringing forth applaus; from the ladies and complimentary remarks from the old selliers present. Capt. F. L. Smith, sided by a correct competent officers, has succeeded in bringing the A. L. I. up to a standard of excellency and efficiency, that was considered a'most impossible concency, that was considered a most impossible to so short a time, the company having been organized only about 2 years.
